## SUMMARY

- Gained hands-on experience through multiple academic and personal projects using Java and SQL, demonstrating a practical understanding of database-driven application development and problem-solving in real-world scenarios.
- Earned a Java Certification, strengthening capabilities in designing and developing effective backend systems and user-friendly interfaces.
- Built and contributed to the development of scalable software applications by leveraging diverse programming ecosystems, consistently aligning solutions with evolving business needs and industry standards.
- Possesses strong command over Java and SQL, enabling the creation of flexible, reliable applications tailored to dynamic client requirements.
- Committed to continuous learning and poised to deliver value in fast-paced, collaborative environments through technical innovation and a user-centric mindset.

## EXPERIENCE

### Java Full Stack Intern

Codegnan Destination

Jan '25 — Present

Bengaluru, India

- As a Java Full Stack Intern, I had the opportunity to dive deep into both front-end and back-end technologies, working on real-world applications that improved my technical, problem-solving, and team collaboration skills

## EDUCATION

**B.Tech in Information Technology**, Vasireddy Venkatadri Institute of Technology (GPA: 8.5)

Nov '20 — Jun '24

Guntur, India

**Intermediate in MPC**, Narayana Junior College (GPA: 9.78)

Jun '18 — Apr '20

Guntur, India

**SSC in Secondary Education(State Board)**, Live Olympiad School (GPA: 9.3)

Jun '17 — Apr '18

Guntur, India

## CERTIFICATIONS

**Java**, Kodnest

**Java**, HackerRank

**Python**, Udemy

**SQL**, HackerRank

## ACHIEVEMENTS

### Best Supporting Volunteer

MAD-Make A Difference(Indian Non-Profitable Organization)

### 1st Place in Technical Event

Spardha

### President

Student Associate Council(SAC)

## PROJECTS

### Alzheimer's Disease Detection

- Alzheimer's disease is a neurodegenerative disorder characterized by progressive cognitive decline and memory impairment.
- This disease causes the person to suffer from memory loss, unusual behaviour and language problems.

### Netflix Data Analysis

- The objective of this project is to demonstrate data wrangling, filtering, aggregation, and trend analysis using core SQL skills, helping decision-makers understand user preferences and content strategy.

### School Management System using Java

- The **School Management System** is a Java-based application designed to streamline and efficiently manage the administrative tasks of a school. The primary objective of the system is to maintain detailed records of **students** and **teachers**, manage **fee payments**, track **salary disbursements**, and ensure a structured database of all essential school operations.

## SKILLS

**ProgrammingLanguages** Java

**DatabaseManagement** MySQL, PostgreSQL

**Web Technologies** HTML, CSS

**InterpersonalSkills** Adaptive Learning, Multitasking, Communication Skills

## EXTRA-CURRICULAR ACTIVITIES

MAD(Make a Difference) Organization :

Served as volunteer in MAD and played a crucial role in supporting children's development by providing academic tutoring, career guidance, and organizing extracurricular activities, focused on empowering children in orphanages and shelter homes through education and life skills.

## OTHER

I hereby declare that the above written particulars are true to my knowledge and belief.
